Sales MIS Report: Final Package

Sab files ek jagah: `Sales_MIS_Final_Package.zip`. Har folder mein kya hai, kaunsa upload karna hai, aur kis order mein.

1. Package mein kya hai

Folder	File	Kya hai	Size
1_Video_Without_Voice	`mis_tutorial_no_voice.mp4`	Main upload. Sirf music + sound effects, koi voice nahi, screen par subtitles nahi. 1920×1080 · 30 fps · 10:45	32.3 MB
2_Video_With_Voice	`mis_tutorial_animated.mp4`	AI Hindi voice + Hinglish captions screen par. 1920×1080 · 30 fps · 10:45	33.1 MB
2_Video_With_Voice	`subtitles.srt`	Voice wale video ki Hinglish captions (video mein pehle se jali hui hain; upload optional)	7 KB
3_Thumbnails	`thumbnail_A_raw_to_dashboard.jpg`	1280×720 · Raw data → Dashboard (pehle isse lagayein)	169 KB
3_Thumbnails	`thumbnail_B_kpi_dashboard.jpg`	1280×720 · KPI dashboard	100 KB
3_Thumbnails	`thumbnail_C_pivot_slicer.jpg`	1280×720 · Pivot + Slicer	111 KB
4_SEO_Upload_Kit	`YouTube_Upload_Kit.pdf`	Title, description, chapters, tags, hashtags, settings, practice-file steps (A4)	553 KB
4_SEO_Upload_Kit	`YouTube_Copy_Paste.txt`	Wahi title / description (dono videos ke liye) / tags / pinned comment, seedha copy-paste	6 KB
5_Subtitles	`youtube_english.srt`	English subtitles, 65 cues, dono videos par fit	7 KB
5_Subtitles	`youtube_hinglish.srt`	Hinglish subtitles, 65 cues, bina voice wale video ke liye	7 KB
6_Practice_Files	`Sales_MIS_Practice.xlsx`	Viewers ke liye: same data, yellow cells bharne hain, Start_Here par tasks + 16-point self-check	19 KB
6_Practice_Files	`Sales_MIS_Solution.xlsx`	Video wala finished workbook (answer key)	19 KB
(root)	`Final_Guide.pdf`	Yeh guide	

2. Kaunsa video upload karein

- **Recommended: bina voice wala video** (`1_Video_Without_Voice`). Saath mein English aur Hinglish dono SRT upload karein; viewer CC se language chun leta hai.
- **Voice wala video** lagana ho to description `YouTube_Copy_Paste.txt` ke "WITH voice" section se lein. Isme likha hai ki voice AI-generated hai. Hinglish captions video mein pehle se hain; sirf English SRT upload karein.
- Dono videos ki length (10:45) aur har step ka time bilkul same hai, isliye chapters aur English SRT dono par sahi baithte hain.
- Ek hi channel par dono ek saath publish na karein; YouTube same content ko duplicate maan sakta hai. Doosra wala alag channel ya baad mein "voice version" ke roop mein.

3. Upload ka order (YouTube Studio)

1. **Practice files pehle:** Google Drive par folder banao → dono .xlsx upload → Share → **Anyone with the link**, role **Viewer** → Copy link. Incognito window mein khol kar check karo.
2. **Create → Upload video** → video file chuno.
3. **Title:** `YouTube_Copy_Paste.txt` se. **Description:** wahi file se; **PASTE-YOUR-LINK-HERE** ki jagah Drive link daalo.
4. **Thumbnail:** Test & compare mein A, B, C teeno daalo (ya sirf A).
5. **Show more → Tags:** tags paste karo. Language: Hindi. Category: Education.

6. **Subtitles:** Add language → English → Upload file → With timing → `youtube_english.srt`. Phir Hindi (Latin) / Hindi → `youtube_hinglish.srt`.
7. Audience: "No, it's not made for kids". End screen: Subscribe + ek video.
8. Publish ke baad **pinned comment** post karke pin karo (usme bhi Drive link daalo).

4. Zaroori notes (publish se pehle padhein)

- **Animated recreation:** video Excel 365 ka animated recreation hai (HTML se frame-by-frame bana), asli screen recording nahi. Har frame ke title bar par "Animated recreation" likha hai. Saare numbers asli workbook se aate hain.
- **AI voice:** voice wale video ki awaaz Kokoro-82M text-to-speech (open source) ki hai, insaan ki nahi. Description mein yeh likha hai; isse hatana nahi.
- **Music aur sound effects** script se khud banaye gaye hain, koi copyright track nahi. Fonts (Anton, Montserrat) SIL Open Font License ke hain.
- **Sample data fictional hai** (180 October 2026 transactions); koi asli company ka data nahi.
- **Pivot Tables / Charts / Slicers:** video mein dikhaye gaye hain, par .xlsx files mein native pivots nahi hain (unhe Python se banana sambhav nahi). Viewers practice file ke Start_Here tasks se Excel mein khud banate hain; Pivot_Analysis sheet mein steps likhe hain.
- **Solution file mein Read_Me sheet hai**; video mein nahi dikhti. Practice file mein uski jagah Start_Here sheet hai.
- **SEO:** title, tags, description standard YouTube practice par bane hain, par live search-volume data se check nahi hue (vidIQ credits kam the). Publish se pehle YouTube search box mein "mis report in excel" type karke suggestions dekh lein.
- **Check kiya gaya:** dono videos 645.5 s; bina voice wala −16.0 LUFS / peak −3.2 dBFS, voice wala −14.8 LUFS / peak −2.3 dBFS. Practice self-check: khaali file 0/16, sahi answers 16/16, ek galat answer 15/16.

5. Workbook ke sahi answers (October 2026)

Total Sales	Total Orders	Units Sold	Avg Sales / Order	Pending Sales Amount
1,428,190	180	11,834	7,934.39	372,985

East	West	North	South	Tea A	Tea B	Tea C
351,030	383,675	355,130	338,355	385,320	432,820	610,050

Region total = Product total = Pivot Grand Total = Total Sales = 1,428,190.
